It is the most expensive of all economies. Do you realize that the best coffee to be bought (Chase & Sanborn's Seal Brand) costs actually only 1 cent a cup! You need to use very little of it because of its high quality. Don't take our word for this! Test it yourself!

SPRING PARK

The weather has been very hot and dry for several weeks past, but a shower visited us Monday afternoon which was very refreshing.

Hon. J. C. French and wife, Mrs. M. E. Sears and Mrs. F. E. Tarbell spent a very enjoyable day the 22d inst. at the hospitable home of Capt. Johnson and his family. We regret to state that the Captain is quite ill again. He is under the treatment of Dr. Lindner of Anthony.

Mr. and Mrs. H. C. Packham left for their home in Philadelphia the 23d inst.

Miss Bertha Strunk, of Ocala, has been spending a few days with her parents.

Jesse Miller, a rising young lawyer of Ocala, made two visits to the Park last week. We have not learned whether they were of a professional nature or otherwise.

Your correspondent was the recipient last week of a box of beautiful apple blossoms and purple and white lilacs, sent by our old friend, Mrs. M. J. Hall, from Tariffville, Conn. The flowers were only two days making their trip south and were nearly as fresh and sweet as when first plucked and their presence and fragrance was a constant reminder of our dear old home among the New England hills.

Mr. and Mrs. C. L. Bittinger and daughter, Mrs. Jake Brown and two children and Mr. and Mrs. Paul E. Davis drove out from Ocala last Sunday afternoon to say goodbye to Hon. J. C. French and wife, Mrs. M. E. Sears and Mrs. F. E. Tarbell, who will leave for the North June 2.

We have just learned that Mr. and Mrs. Abram Gardner, former residents of this place, are rejoicing over the birth of a baby girl, which happy event occurred at their home in Burlington, N. J., several weeks ago. We extend congratulations.

Lawrence Johnson has been quite ill for the past week or two.

Hon. J. C. French and wife are feasting upon sweet corn, cucumbers, beets, potatoes, etc., etc., from their garden in the sunny South, as they fully realize that they are going to a country so cold that the seeds have not even been planted yet and where the mercury has registered at 28 degrees above zero within the past month.

We are sorry to report the death of the infant daughter of Mr. and Mrs. T. C. Thomsen, which was born April 28 and remained with them just four weeks and one day. They have the sympathy of their many friends in their bereavement.

A son was born to George and Kinsey Marsh May 22.

Miss Stella Bennett, who has been attending the Ritter Home at Athens, Tenn., for two years, has returned on a visit to her parents. She expects to return to the home at Athens again by August 1.

Mrs. P. J. Reeves, who has been ill for several weeks, is up and about again. Mr. Reeves has just finished clearing and fencing a five-acre tract, which he is putting in velvet beans.

Capt. J. B. Webb, the fine manufacturer of Kendrick, and his wife will leave Monday week for an absence of several months for recreation and health. Neither has been as robust as they could desire. During their absence they will visit Ohio, the native state of his wife; Iowa, the home for many years of Capt. Webb, to see their daughter; Michigan, the home of their nieces; New York, Genesee county, the home of Capt. Webb's brothers, whom he has not seen in 55 years; then to the Thousand Islands, and down the magnificent St. Lawrence to Montreal, Quebec, Portland, Me., Boston and New York City, then home to Florida some time in September. Sunningberg, Vt., will be visited, the birthplace of Captain Webb, on their trip, from which place Capt. Webb, when a youth, came to Boston, then to New York State, west to Michigan and south to Occident, Iowa, from which state a dozen years ago he set his face toward Florida, which he thinks is the best all around commonwealth in the union. The best wishes of the Star attend the journey of these excellent people and bring them safely back to Florida, restored to health. During Capt. Webb's absence, his sons, B. C. Webb and C. Carlton, will manage his business and see that all orders for the best time in the world are supplied on demand.

General Bullock was holding the scales of justice in the case of Lee, the negro chicken thief, who depredated Slim Sistrunk's roost last March. The following true and tried men, as jurors, found him guilty: Joe Bell, Ralph Birdsey, John E. Bailey, L. J. Brumby, Will Clark and Doc Blackiston. Henry Walker was a witness in the case and by his perversion of facts he became prosecuted ere the finish of the trial and the state at noon was trying hard to make him out as guilty of "chicken plucking" as Lee. Carlos L. Sistrunk prosecuted. Result of trial: Lee, 30 days in limbo or \$20 cash; Walker, 60 days or \$30 in coin.

Elias Counte is circulating a long petition calling on all legislative candidates to square themselves on the labor wage platform, and woe betide those who do not heed it.

The Price of Shoes

Beware of shoes that are too cheap. Good, honest shoes can be bought from us at only a fair margin on the cost, but some dealers take chances on shoddy shoes and get up sales at prices too low for good work and honest value.

There is a danger line in shoe prices beyond which it isn't safe to go. Shoes are not made merely to be looked at; they must withstand arduous wear.

Our shoes are right and our prices are as low as any dealer can make on shoes that will give satisfaction.

Captain H. W. Meeker, who was in town today, says the post office department has agreed to reinstate him and give him a new mail route agency. He declined and said the old Homosassa route or nothing, and the latest is for him to hold off and he felt assured he would shortly be restored, for his removal was not warranted by the facts brought before the department. All the Captain desires is justice in his case and he will get it.

Tydings & Co.'s drugs never get a chance to grow old.

SPRING AILMENTS

There is an aching and tired feeling; the liver, bowels and kidneys become sluggish and inactive, the digestion impaired, with little or no appetite, no ambition for anything, and a feeling that the whole body and mind needs toning up. The trouble is, that during winter, there has been an accumulation of waste matter in the system. Herbine will remove it, secure to the secretions a right exit and by its tonic effect, fully restore the wasted tissues and give strength in place of weakness. 50c. at Anti-Monopoly Drugstore.

A SAMPLE ACRE

Messrs. Geo. Giles & Co., the cotton and moss men, are experimenting on their place west of town with an acre of cotton. The seed planted are of the best. It has been well fertilized and carefully cultivated and a record kept of all expenses incurred in making the crop off of the acre, so that he can tell cotton growers the best and most up-to-date plan to secure a profitable crop of the long staple article and to demonstrate that on the intensive system of farming how much better it is to cultivate one acre well than drag your efforts over a much larger area of ground, with less satisfactory results. Giles & Co., have been and are doing our farmers a great service by promoting cotton cultivation.

J. D. McDuffy, the foremost colored farmer and trucker in Marion county, is elated and well he may be with the following prospects in sight. He sold today \$750 worth of melons for Saturday and Tuesday delivery. Three well posted commission men and McKinstry, who represents the Gainesville Refrigerator Car Co., have closely inspected his field of cantaloupes and melons and told him they were the finest they had seen in Florida and prospects of the brightest for a large and uniform yield; none surpassed his product. "Mc" is all smiles and strenuous work. If the skies continue to smile kindly for the next two weeks, Mc thinks he will be able to enjoy a very large Fourth of July.
